

Emigration from the United Kingdom to America

Series Editor: Ira A. Glazier

This series concentrates on U.K. emigration in the period 1870-1897, listing migrants from the U.K. who arrived in New York. Presented in chronological order by each ship's date of arrival, these passenger lists provide the names of ships, ports of departure, and arrival and debarkation dates. The volumes also include information regarding a person's age, sex and occupation as well as village of origin and destination when reported. Ships that departed from German ports or carried passengers who declared themselves to be of German origin are included, with full name, age, sex, occupation, and, when this information is given, country, province or village of origin provided for each emigrant. A complete index of names is included at the end of every volume.
