

English Title Index

What follows is a general title-finding guide, listing all confirmed English titles assigned either by Toho or their U.S. distributor, as well as the original titles to foreign films released by Toho. Also included are selected titles (with direct English translations) that have no confirmed release outside Japan but which may have or in the future are likely to be exhibited for one reason or another, most commonly lesser known works of famous directors (Shiro Toyoda, Kon Ichikawa, Mikio Naruse, etc.)

Not included are short subjects and films derived from one or more episodes of Japanese television shows.
